OUTPUT :

Wipro
Project Engineer, (Aug 2018 - Apr 2020)

- Contributed in the development of a **collaborative online blueprint editor** by translating the design mockups into reusable UI components with industry-standard UX patterns using **Angular** with **SCSS**, **NgRx** and **Angular-Material** and adding actions to those by creating services to integrate backend REST-APIs.
- Resolved UI/UX issues by refactoring React components and re-structuring CSS/SCSS of an internal project with codebase of ReactJS-Redux.
